PROJECTS

1. English Orator Website

- Developed a static website as a part of the minor project in pre final year.
- It was created using HTML, HTML5 and CSS3 for enhancing the practical experience.
- Academic website with the basic logics to teach English from the very scratch.

2. E commerce Website

- Developed a fashion clothing store website in it.
- With practical implementation of HTML, CSS3, Bootstrap and Javascript.

3. Craft Canvas App

- Recreation of MS Paint in more creative way for drawing and crafting.
- This app is focused on drawing and sketch making.
- With use of HTML5, CSS3 and Javascript.

ACHIEVEMENTS

- Secured All India Rank 53 among 1100 applicants at official internship held by "IIM AHMEDABAD" under 'Scholars for Change Campaign' where I was actively involved in creation of digital stories for primary students of government schools.
